from the sixteenth century to the present traces the influence of such images on public and professional opinion about abortion and related issues. Simultaneous. UP.

Psychology & Human Reproduction- James W. Selby 2007-09-19

Clearinghouse Review- 1974

Dictionary of Modern American Philosophers- John R. Shook 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non-academic philosophers, and a large number of female and minority thinkers whose work has been neglected. It includes those intellectuals involved in the development of psychology, pedagogy, sociology, anthropology, education, theology, political science, and several other fields, before these disciplines came to be considered distinct from philosophy in the late nineteenth century. Each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings, and suggestions for further reading. While all the major post-Civil War philosophers are present, the most valuable feature of this dictionary is its coverage of a huge range of less well-known writers, including hundreds of presently obscure thinkers. In many cases, the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers. This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought.
Hope for Parents of Troubled Teens - Connie LMHC Rae 2012-01-01 A Road Map for Parenting in the Troubled Years It is never too late for parents to reach their teenager or young adult. Licensed counselor Connie Rae draws from professional and personal experience to provide insight, encouragement, and advice. Offering wise counsel and a reassuring tone, she helps parents better understand their child's temperament, their own parenting style, and the developmental process their child is going through. She also discusses the world in which their teenager is growing up, which is very different than many parents realize. Each chapter ends with a list of practical steps and a prayer, giving parents wise advice but also offering hope through the process.

Liberty and Sexuality - David J. Garrow 1998-12-09 The definitive account of the legal and political struggles that created the right to privacy and won constitutional protection for a woman's right to choose, "Liberty and Sexuality" details both the unheralded contributions of the young lawyers who filed America's first abortion rights cases and the inside-the-Supreme Court deliberations that produced "Roe v. Wade".

University Bulletin - University of California (System) 1974

In-house Rhetoric of Pro-life and Pro-choice Special Interest Groups in Minnesota-Marsha Vanderford Doyle 1982

Compulsory Parenthood-Wendell W. Watters 1976

Catalog of Copyright Entries. Third Series-Library of Congress. Copyright Office 1977

Pro-choice/pro-life- 1991 Abortion is one of the most hotly debated issues in contemporary American life. This unique volume provides a comprehensive, balanced, and objective review of the literature, and, for the first time, both sides of this intensely debated question have been systematically cited, fully annotated, and indexed in one publication. Fitzsimmons and Diana cite all the materials dealing with the ethical, legal, moral/religious, and social aspects of the controversy as well as materials reflecting the positions of the Planned Parenthood Federation of America, the Pro-Choice and Pro-Life movements, and the Respect for Life/Right to Life movements.

The Coevolution Quarterly- 1975

Mothers and Mothering-Penelope Dixon 1991

Matters of Life and Death-John Edward Thomas 1978

The Social Contract- 2003

Women in America-Barbara Haber 1981 An annotated bibliography of books published between 1963 and 1979 about abortion, crime, education, feminism, marriage, rape, religion, sex roles, and other issues concerning women
The Parent's Desk Reference - Irene M. Franck 1991
An encyclopedia about parenting with over 2,000 entries covering all aspects of child rearing from A to Z.

The Nature of Woman - Mary Anne Warren 1980
This book attempts to bring together in one volume an overview of the considerable literature, particularly from philosophy and the social sciences, on the nature of woman. It provides introductions to the arguments and conclusions about this topic of a wide range of Western thinkers, from Plato, Aristotle, and the authors of Genesis to the feminists and antifeminists of the 1970s. Each has presented original or influential theories on some or all of the following issues: (1) moral, psychological, theological and other “intrinsic” differences between women and men (apart from the obvious biological ones); (2) causal explanations of sex dominance, where it occurs; (3) the moral implications of sex roles, and the moral aspects of other issues of special relevance to women, e.g. abortion; and (4) possible means of engineering social change with respect to sex roles.

The Spokeswoman - Karen Wellisch 1973

Abortion and Family Planning Bibliography for ... - 1974

Malthus Revisited - John Tanton 1998
